

# House Bill 3550/Senate Bill 684

This new “law prohibits managed care plans from restricting or limiting an optometrist’s choice of sources or suppliers of services or materials, including optical laboratories used by the optometrist to provide services or materials to patients.” (VisionMonday.com)

## Optical Management Resources, LLC

### OMR’s Managed Vision Care check list:

1. When does your MVC contract end: \_\_\_\_\_ ? (VSP, EyeMed, etc)
2. Is your staff trained and ready for the new ordering systems?
3. EOB’s and reimbursement rates will now go directly through you and your trusted lab. Are you trained in proper product selections?
4. Have you decided on which lab you plan to consolidate all your Insurance and cash pay jobs to? One seamless integrated system.
5. Have you selected a trusted partner, like OMR, that will help and guide you through this transition?
